PROFESSIONAL EXPERIENCE

Great Lakes Safety Inc., Toronto, Ontario, Canada Jul 2026 – Present
Contract Full-Stack Developer & IT Consultant

- Developed a full-stack EMS dispatch and transport system covering frontend, database architecture, authentication, and backend infrastructure from scratch as a sole developer.
- Ensured secure, compliant access to patient and operational records by building a permission-based system across 22+ database updates.
- Prepared the system for full production launch by designing system architecture with built-in security standards and structured deployment plans.
- Accelerated platform expansion toward production launch through ongoing IT consulting and technical support.

CVS Health, Dallas, TX Oct 2025 – Feb 2026
Business Intelligence Intern

- Analyzed pharmacy performance data across my assigned region to pinpoint bottlenecks and workflow gaps costing the most time and resources.
- Surfaced under-staffing pattens and prescription workflow inefficiencies. Translating six weeks of regional data into actionable insights for pharmacy leadership.
- Delivered data-driven recommendations that optimized scheduling, workflow balance, and service reliability in line with corporate KPIs.

CVS Health, Dallas, TX Apr 2025 – May 2026
Pharmacy Technician

- Dispensed prescriptions, managed inventory, and ensured regulatory compliance in a high-volume retail pharmacy.
- Educated patients on medications under pharmacist supervision while maintaining consistent service for a diverse patient population.

ACADEMIC PROJECT EXPERIENCE

UT Dallas Consulting Practicum (Uncharted Territory Solutions) Jan 2026 – M

- Led a 5-person team as Project Manager & Team Lead, conducting a full technology and business process improvement analysis for a live client engagement.
- Mapped workflows, identified bottlenecks and technology gaps, and delivered data-driven improvement recommendations grounded in systems thinking.
- Managed client communications, coordinated deliverables, and drove on-time execution through Agile-style project workflows.
